Об университете:

Northeastern University - частный ВУЗ в Бостоне, самом популярном студенческом городе США. Университет стабильно занимает высокие строчки в различных американских образовательных рейтингах. Выпускники традиционно востребованы на рынке труда. Университет номинирован в Top-40 National University согласно US News & World Report 2020. Здесь одинаково сильны как гуманитарные, так и естественнонаучные и технические

программы. Широкий спектр предлагаемых программ включает в себя около 80 программ бакалавриата и более 125 магистратуры. Университет признавался лучшим в стране по качеству образования в интернатуре – программах стажировки для будущих врачей. Медицинский факультет пользуется славой сильнейшего научно-исследовательского центра. Здесь проводятся значимые научные исследования по самым актуальным медицинским проблемам современности таким как заболевания головного мозга, сердечно-сосудистой системы и т.п. Отличную репутацию имеет инженерный факультет, который помимо классических инженерных программ, известен подготовкой в области инновационных технологий. Это факультет для тех, кто хотел бы учиться на направлениях разработки электронных систем, компьютерных наук и механического инжиниринга.
Сильной стороной университета являются учебные программы в области междисциплинарных исследования, социальных наук, бизнеса и управления. К преимуществам ВУЗа стоит также отнести особую организацию процесса обучения, благодаря которой можно сочетать работу в крупных коммерческих организациях и учебу на дневном отделении. Работа одновременно является практикой и считается составной частью учебного процесса. Обучаясь по такой схеме 8 семестров студенты учатся в стенах заведения и 3 семестра работают на предприятиях. Подобные программы были признаны лучшими в США авторитетным журналом U.S. News and Views Report. Абитуриентам из России и стран СНГ, поступающим на программы бакалавра, необходимо сдать экзамены SAT или ACT. Будущим магистрам может понадобиться сдача экзамена GRE.

На кампусе университета работает подготовительный центр подготовки к программам бакалавриата и магистратуры.
