Об университете:

UniversityofWestminster расположен в самом центре Лондона. История университета берёт своё начало с 1838 года, когда был образован политехнический институт. С 1992 г. институт получает статус университета. Это один из старейших и известнейших университетов в Великобритании и уважаемый университет во всём мире.

Здесь всегда чутко поддерживали и развивали инновационные проекты, передовые технологии, вводили свежие курсы, организовывали новые специальности. Первая фотостудия Европы открылась именно в Университете Вестминстера. Здесь же был проведен первый в Великобритании платный киносеанс.

Сейчас в UniversityofWestminster обучается 22 000 студентов, включая 5000 международных студентов из 150 стран мира. UniversityofWestminster имеет несколько кампусов в Лондоне.Три кампуса расположены в самом центре исторического Лондона и один - в пригороде Лондона, городке Хэрроу. Главное здание находится на Риджент-стрит, всего в нескольких минутах ходьбы от музея мадам Тюссо и Regent'sPark (метро BakerStreet)

В последние годы университет вкладывает большие средства в обновление учебных зданий и студенческих резиденций и в современное оборудование лабораторий, учебных зон. В распоряжении студентов имеются специализированные библиотеки, компьютерные классы со свободным доступом в Интернет, центр для самоподготовки, который оборудован видео- и аудиотехникой и т.д.

Одной из заметных особенностей Университета Вестминстера является его тесные связи с промышленными кругами, с компаниями, фирмами, банками, что позволяет большому числу студентов

пройти учебную практику в реальном секторе экономики. Многие учебные курсы построены по "сэндвич-принципу", когда годичная оплачиваемая практика является частью учебного курса.
